EuroNanoForum 2017

March 2017

MALTA EU 2017

The event is organised under the auspices of the Maltese presidency of the European Union

**Horizon 2020
European Union Funding
for Research & Innovation**

This project has received funding from the European Union Horizon 2020 Research and Innovation Programme. Grant agreement No. 723784

EuroNanoForum
2017

In a nutshell

Conference

3 plenaries
15 sessions
several workshops

Awards

Best Project 2017
Best Poster 2017
Nanotech Europe Award
2017

Brokerage Day

1000+ participants
50 countries
100s of meetings

Exhibition

Companies
RTOs
EU-Projects & Institutions
Clusters

EuroNanoForum
2017

What to expect

Conference

3 plenaries
15 sessions
70 speakers

Interactive Events

Workshops
Brokerage event
Poster and Project Sessions

Conference

Plenary Sessions

PLENARY 1

Advanced Materials and Nanotechnology
for the European Re-industrialization

PLENARY 2

Nanotechnology for industrial success

PLENARY 3

Investing in Nanotechnology

EuroNanoForum
2017

Conference

Session Track 1: Nanotechnology in industrial applications

Session 1

Advanced materials and nanotechnologies for low carbon green energy

Session 2

Nanotechnology applications for electronics

Session 3

Nano-enabled healthcare, and nano-medicine and medical technologies

Session 4

Nanotechnology and advanced materials in consumer goods

Session 5

Advanced materials and nanotechnology for a bio-based and circular economy

Conference

Session Track 1: Nanotechnology in industrial applications

Session 6

Nanotechnology in smart, green and integrated transportation

Session 7

Nanotechnology in buildings and construction industry

Session 8

Nanotechnologies and advanced materials for machinery and process tools

Session 9

Electromechanical and fluidic systems at nano-scale

Session 10

Nanotechnology in printing and additive manufacturing

Conference

Session Track 2: Enablers of the nano based success

Session 11

Materials modelling in an industrial context

Session 13

Technology and business networks in Europe – promoting innovation and new industrial ventures

Session 12

Nanomanufacturing, characterization and nanometrology

Session 14

Pilots lines for industrial implementation

Session 15

The societal dimension and governance of innovation

Exhibition

Nanotech 2017

A unique opportunity for European and global actors to **showcase their activities, demonstrators and projects**

Exhibition visibility guarantees excellent **dissemination and networking opportunities** with current and new partners and customers

Specials:

Rokna Maltija, the Maltese Stand
European Commission Stand

Location

The Mediterranean Conference Center

The 16th century building now the Mediterranean Conference Centre has long been one of Valletta's most remarkable landmarks. Located towards the tip of Valletta peninsula, the MCC stands for distinction with magnificent views across the Grand Harbour.

Get involved:

Poster session and award

A poster exhibition will be running throughout EuroNanoForum 2017.

A special time slot on June 22nd will enable poster presenters to interact with the conference delegates and promote their work and establish contacts.

In addition to the poster showcase, a **poster competition** will be organised. The **Best**

Poster Awards will be announced and presented during the Conference Evening Reception on 22nd June 2017.

Brokerage event

Make the most of your participation at EuroNanoForum 2017 and participate in the international matchmaking event. We will target a wide spectrum of start-ups, companies, universities, researchers and clusters from all over Europe interested in expanding their business and sharing new project ideas in the nanotechnology and advanced manufacturing sectors. **During the matchmaking sessions you get to speak with many interesting business partners in pre-arranged, 25-minute long meetings.**

Get involved:

Project competition Nanofy!

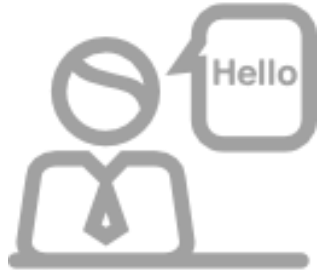

The goal of the competition is to highlight the achievements by the European Commission's work through FP7 and H2020 and bring the European innovation closer to market. **The past and on-going projects will have an opportunity to highlight their potential impact on industry and society, to trigger private investment and learn from the hand-picked international success stories.**

Workshops

We have gathered projects from different areas in order to give the delegates a comprehensive idea of what is going on in the field of nanotechnology and advanced materials across Europe.

Get in contact:

Conference organisation

For questions on registration for conference tickets, workshops registration, accommodation, press passes, venue and logistic matters please write us at registration@euronanoforum2017.eu

Exhibition

If you want to become an exhibitor or have questions concerning Nanotech Europe 2017 write us at expo@euronanoforum2017.eu

Get in contact:

Conference sessions and speakers

If you would like to know more about sessions and speakers or would like to contribute, write us at sessions@euronanoforum2017.eu

Media partnerships and advertisement

If you want to become a media partner of ENF2017 write us at media@euronanoforum2017.eu

Past events

EuroNanoForum is a biannual event supported by the European Union and organised within the framework of the Presidency of the European Union.

ENF2015 – Nanotechnology for European competitiveness (Riga)

ENF2013 – Nanotechnology Innovation: From research to commercialisation – the bridge to Horizon2020 (Dublin)

ENF2011 – Leading the Nanotechnology ERA (Budapest)

ENF2009 – Nanotechnology for Sustainable Economy (Prague)

ENF2007 – Nanotechnology in industrial applications (Düsseldorf)

ENF2005 – Nanotechnology and the Health of the EU Citizen in 2020 (Edinburgh)

ENF2003 – (Trieste)

Organisers

The Malta Council for
Science & Technology

UNIVERSITY OF MALTA
L-Università ta' Malta
